

Oregon State Grange

October 11, 2016

Oregon School Boards Association
PO Box 1068
Salem, OR 97308

To Whom It May Concern:

The Oregon State Grange, at our 143rd Annual Convention in Talent Oregon , adopted the attached resolution to show our support of the work being done by the Promise of Oregon campaign.

With 171 Granges across the State of Oregon and nearly 5,000 members we would be honored to help promote your program. As an organization the Grange has always supported education, and our delegates this year felt that we should lend our voice to the campaign to advocate for adequate and stable education funding, and of course to help celebrate student successes.

We will continue to support education for all children as we have since the Oregon State Grange was founded 143 years ago and we will encourage our members to invest in their own future by showing their support of education in Oregon.

Fraternally,

Susan Noah, President
Oregon State Grange
